[Features]

- **Advanced engine protection and LSPI resistance**
  API SP formulation helps protect gasoline engines against wear and low-speed pre-ignition (LSPI).

- **SAE 40 viscosity for demanding conditions**
  SAE 10W-40 provides suitable operating-temperature viscosity for engines specifying this grade, including use under higher thermal and mechanical loads.
- **High oil film stability and durability**
  100% synthetic oil formulated to maintain stable lubrication and oil film retention at high engine speeds and elevated temperatures, from daily to sporty driving.
